Brisbane: Utopian Dreams and Dystopian Nightmares – by William Metcalf, 196 pages 2022

(\$30 / \$25 BHG Members)

This tells the stories of little-known, and rather peculiar aspects of Brisbane's colourful history. Eleven authors from the 19th and 20th centuries wrote about how wonderful 'utopian' Brisbane could be – or how dreadful 'dystopian' it could be. What led to these utopian and dystopian visions? Who were the visionaries? What do they tell us about a little-known part of Brisbane's quirky history?
